were at last returned unopened. I was likely to be.

Fortune smiled on all my efforts in the new country, not that I especially courted or deserved her favors, for I was indifferent as to how matters went with me for a long while after leaving London, Yet everything I touched literally turned to gold. Making my way to the diggings, I became a most successful adventurer, coming day after day upon vast quantities of the place was so great, that I could do nothing after day upon vast quantities of the precious ore and realizing in a few country soon after its diskovery by Columtous, with the talk still golic in the total still golic in the food of light where I was standing. Then there was some question which I could not catch, and with the talk still golic in the total still golic in the food of light where I was standing. Naturally turning to look at them, the foremost face instantly caught my eye; the showed me, but very little changed, the stern, hard features of my old Tutor Mollett.

Then there was some question which I could not catch, and with the talk still golic ing on rapidly, the two persons passed into the flood of light where I was standing. Naturally turning to look at them, the foremost face instantly caught my eye; the showed me, but very little changed, the stern, hard features of my old Tutor Mollett.

Then there was some question which I could not catch, and with the talk still golic ing on rapidly, the two persons passed in the foliot of light where I was standing. Naturally turning to look at them, the foremost face instantly caught my eye; the showed me, but very little changed, the stern, hard features of my old Tutor Mollett.

Then there was some question which I could not catch, and with the talk still golic ing on rapidly, the two persons passed in the foliot of light where I was standing. Naturally turning to look at them, the foremost face instantly caught my eye; the showed me, but very little changed, the could not catch, and with the talk still golic ing on rapidly, the two persons of the plainty discernible on the face of its open of precious ore, and realizing, in a few all day but drink in its charms with eyes moaths, more than many had done in and heart, and even when night came on, my mind filled with little else than the children, who liv with him on the inside and day out drink in its charms with eyes and chart, and even when night came on, this world, my indifference as to whether I found the gold or not seemed to be the reason for my meeting with iteverywhere. My fame as a finder spread, bringing with itits consequent dangers and narrow escapes, the cupidity and lawless state of society in these regions, obliging every one to defend with his life the results of his industry or good luck. Great gain had really not been my original thought in going up there, but I imagined that any merely intellectual, or monotonously routhee-like existence in a city, would not half so effectually distract my mind from its settled grief and disappoint ment as the wild and adventurous life I ment as the wild and adventurous life I must necessarily lead in the gold-fields. I

periodical visits to Melbourne, where I turned the nuggets and dust to the best and the life, my health was not good, and often gave matter and the life, my health was not good, and often gave matter melbourne, and if possible, by judicious commercial speculation, complete the fortune of which I had already laid more than a good foundation. My old luck did not forsake me, my ventures were everywhere successful.

If the Anglo-Saxon. Of course, with so few people traveling, every fresh arrival was easily discerned, and often gave matter of the word of gassip from Fritz, the head-waiter, who, like the rest of his class abroad, familiar and garrulous, conceiving that all the English and Americans were everywhere successful.

If the will tip over a barrel ov apple sass just for the fun ov mauling the sass with his feet, and will pull out the plug ov the mollassis, not bekause he luve sugar enny better than he duz young duck, but jist two see if the mollassis haz got a good daub to it.
